The Work on the Pacific Railroad.

Notwithstanding the internal dissentions in our country during the past two years, it is gratifying to know that work upon the great Pacific Railroad has been carried on from both ends of the route. The road is divided into three portions, the Eastern, Central and Western, to be constructed by three different companies. The Eastern portion, embracing the territory from the junction of the Missouri and Kansas Rivers through Kansas to the 100th meridian of longitude west of Greenwich, a distance of about 350 miles, is to be constructed by the Leavenworth, Pawnee and Western Railroad Company of Kansas. This portion, we learn, is nearly completed. The Central Division, through Nebraska, Utah, and Nevada to the eastern boundary of California, a distance of about 1,300 miles, by the Union Pacific Railroad Company, a corporation crea ed by act of Congress. The residents of Utah have signified their willingness to construct about 300 miles through their Territory, in order to have the road diverted toward or by Salt Lake City. The Western Division extending from the eastern boundary of California to the navigable waters of the Sacramento River, or to San Francisco, by the Central Pacific Railroad Company of California. This portion of the route crosses the Sierra Nevada Mountains, and is the most difficult portion of the whole line. The objectionable features which render these mountains formidable for railroad operations are the great elevation to be overcome in crossing its summit, and the want of uniformity in its western slopes—and the impracticability of river crossings in the mountains. The elevation necessary to be attained in crossing is 7,000 feet above Sacramento, which by judicious selection of route, is reached by a maximum grade of 105 feet per mile, or but 10 feet more than the grade of the Philadelphia route, and 11 feet less than the grade of the Baltimore and Ohio Road, and 14 feet less than that of the Santiago Railroad. The western slope of the Sierras is intersected by some dozen rivers, running through gorges or cañons, in many places from 1,000 to 2,000 feet in depth with side slopes varying from perpendicular to an angle of 45°. The line of road must of course avoid these rivers, and as surveyed, follow an unbroken ridge from base to summit of the Sierra Nevadas, crossing but one river, the Little Bear, at an elevation of fifty feet, and a span of about the same number of feet. The road crosses the Sierras in Summit Valley at an elevation of 7,027 feet above the top of the Levee at Sacramento. The eastern descent is accomplished with less difficulty and reaches the base of the mountains in 11¼ miles. The survey carries the road about 15 miles beyond the State line, making a distance of 155 miles in all, which distance, it is estimated, can be accomplished in 8½ hours, or about 20 miles per hour. Rather than go round the sharp points of ridges, those obstructions are to be overcome by tunnelling. There will thus be eighteen tunnels on this portion of the route—the shortest being 300 feet, and the longest 1,370 feet. These tunnels can be worked from both ends, and do not require any shafting. The estimated cost of these 155 miles is $13,270,000, or $85,612 90 per mile. The total cost of the entire route from Council Bluffs to Sacremento City, a distance of 1,858 miles, is estimated at $99,870,000. The receipts of the Western or California portion of the route are estimated at $4,654,-240. The total expenses, in round numbers, at $1,000,000, leaving a net profit of 25 per cent. on an investment of $15,000,000. The route lies through extensive forests of pitch and sugar pine, fir, cedar, and tamarack, the latter in large quantities, and serviceable as railroad ties. In addition, this road opens up an extensive mining region, and affords a market for the shipment of a low class of silver ore, now thrown away in consequence of the expense of transportation. About 60 miles have been completed of the Sacramento end of the route, and the work is now delayed temporarily, awaiting the receipt of railroad iron from Europe.—*N. Y. Tribune, May 2.*

RETURNED.—Dr. A. G. Henry, Surveyor General of Washington Territory, returned from the East on Monday last. He appears much improved by the trip.—*Standard.*

ROYAL MAIL

Steam Packet

Company's Agency,

For British Columbia & Vancouver Island.

OFFICE, MACDONALD & CO., BANKERS,

Yates Street.

THE ATTENTION OF SHIPPERS and passengers is particularly directed to the superior facilities the Royal Mail Steam Packet Company's Line affords for the speedy conveyance of Treasure, Goods and Passengers to and from England to British Columbia and Vancouver Island, in connection with the Pacific Mail Steamship Company's Vessels and the Panama Railroad.

The superiority of the accommodation and entertainment on board the Royal Mail Steamers, together with the time occupied on the passage between England and Aspinwall direct being so much shorter than by any other route, and the moderate rate of passage money, render this Company's steamers the CHEAPEST AND MOST EXPEDITIOUS MEANS OF TRANSIT, for passengers or for the forwarding of Goods and Treasure from Aspinwall to Europe.

Under an arrangement with the PACIFIC MAIL STEAMSHIP CO., Specie and Bullion can be conveyed to London and Havre in France

Further information on the subject of Freight and Passage Money will be furnished by the undersigned.

ALBION IRON WORKS

Chatham and Discovery Streets.

Near Dickson, Campbell & Co, New Warehouse Store street.

VICTORIA, V.I.,

JOSEPH SPRATT, PROPRIETOR.

In order to meet the wants of Vancouver Island, British Columbia, and Puget Sound, the Proprietor of the ALBION IRON WORKS has been induced to expend a large sum of money in erecting a

MACHINE SHOP

—AND—

Foundry,

On such improved principles as to enable him to do work with unusual despatch, in the best manner, and at most reasonable rates

There is no similar establishment on the Pacific Coast, that is larger, or better prepared to execute every kind of Machinery, Engines, Blacksmithing, and Iron and Brass Castings. No one need go to San Francisco to fill orders, as the work can be executed at the ALBION IRON WORKS as well, at as low rates, and with as much despatch.

In the Machine Shop there are Bolt-cutting, Planing, and heavy turning Machines.

In the BLACKSMITH SHOP there is a powerful steam blast which enables the Proprietor to do Heavy Blacksmithing.

The attention of persons, and particularly miners, about purchasing Steam Engines, is directed to the Improved Portable Engines, constructed at the Albion Iron Works These Engines can be successfully worked for Threshing, Hoisting, Pumping, Pile-driving, or for any other use where small power is required. They are simple in construction, have an Economical Boiler, and are considered the best portable engines in use. They would be invaluable auxilaries to the Miners for Hoisting and Pumping.

All orders for high and low pressure Steam Engines, Grist and Quartz Mills, Pumping Machinery, Blacksmithing, Brass and Iron Castings and everything done at a Machine Shop and Foundry, can be filled at the Albion Iron Works.

Particular attention paid to Steamboat Work and general repairs.

Terms: Cash and Low Prices.

JOSEPH SPRATT.

THE JAPANESE DIFFICULTY.

In all probability war has now begun in earnest between the two principal representatives of European civilization, and one of the most powerful and intelligent nations of Asia. England and France notwithstanding their endeavours to maintain a good understanding with this strange people, have been at last driven to no alternative but to demand satisfaction for the wrongs done their subjects, and the insults offered to their flag, in the persons of their representatives in Japan. They have confined themselves as long as possible to remonstrance and have remained satisfied with apologies, where much more substantial tokens of acknowledgement of wrong were due. All has been however to no purpose, the more lenient the Europeans have shown themselves towards infractions of Japanesse obligations towards them, the more insolent have the latter become, till at last they could no longer be borne. The murder of Mr. Richardson, a British subject, some months ago by the followers and at the instigation of S. Satsuma, one of the great feudal Princes of the country, has brought matters to a crisis. Admiral Keppel with all his available force has been ordered to demand from the Japanese government a large idemnity—it is reported £125,000—for the murder of Mr. Richardson, and also the surrender of the prince who ordered the deed to be done. At the last accounts, which are of May the eleventh, the Admiral had thirteen British men of-war at Kanagawa besides the assistance of the French Admiral's flag-ship, while two other French frigates were expected. The French government are acting in concert with England in the matter, as they have sustained similar injuries; the servant of their Minister having been struck down at the gate of the French Legation, by the sword of one of the officers of the same Prince Satsuma, who was concerned in the murder of Mr. Richardson. The American, the Russian and the Dutch governments are also interested in having the Japanese government conduct themselves properly towards foreign powers with whom they have concluded treaties. All three have suffered injuries,—the Americans by the murder of Mr. Heuskin, the Secretary of the American Legation in 1861, the Russians by the killing of three of their sailors at Kanagawa, and the Dutch by the murder of two sea captains, who were chopped to pieces in the main streets of Yokahama. In none of these instances was there any provocation, and in none of them were the murderers brought to justice, or even sought for. All that could be got from the Tycoon, who is the chief executive officer of the Empire, and transacts all business for the Mickado or Sovereign, were apologies and promises. In fact it would seem that was all that was exacted, and all that the Tycoon could do, for, notwithstanding his high position, the Daimios, those powerful feudal princes, who for the most part are opposed to the introduction of foriegners in the country, exert sufficient pressure to render him helpless. It remains to be seen, however, whether or not the allies will be able to effect some change in this state of things, and break down the wall of exclusiveness within which the Japanese have so long endeavored to shroud themselves from the outer world. For, notwithstanding the embassies sent by this singular people to Europe and America, and the evident predelection of some of them for Caucasian civilization, it is evident that the great mass has not yet been moved in our favor. Every one of the treaties, American, English, French and others, seem to have been wrung from the Tycoon by more or less pressure. Each of the American treaties cost a Tycoon his life. The first one obtained by Commodore Perry, in 1854, at the head of his fleet, was merely getting the wedge in. Through it, however, the Americans obtained the right to have a consul at Simoda. The next treaty was effected by the consul, Mr. Harris, in 1858, by taking advantage of the presence of the large gathering of English and French forces in the Chinese waters. After this came the hostile reaction on the part of the Japanese, which has existed more or less ever since.

It remains now to be seen if the Americans will join the allies in obtaining from the Government of Japan full compliance with their treaty obligations, and redress for past injuries. They are equally interested with the Europeans in obtaining this result. No people could derive greater benefit from the unrestricted trade with Japan than the Americans. All they have to do is to complete the Pacific Railroad between San Francisco and the Atlantic States, to become the channel of trade between Japan and Europe. From present appearances they seem to manifest a disposition to remain neutral, and to act as the interventors between the Japanese and the English and French. They are pretty well aware that they will be able to reap any advantages obtained by the allies, without going to the expense of war, and without incurring any great odium on the part of the Japanese. It is just possible, too, that some of their enterprising citizens might attempt to run privateers under the Japanese flag, and prey upon British commerce in the Pacific. That will depend, however, upon how far the latter have become indoctrinated with western civilization. It is doubtful under the circumstances at present obtaining in Europe whether Russia will be disposed to act in concert with England and France. She certainly will not allow herself to be shackled, by any treaty for the purpose, with England and France; as she has a policy of her own to carry out with respect to some of the northern Japanese islands.

There seems to be a difference of opinion as to the ability of the Allies to bring the Japanese to terms. The number, intelligence, and independent disposition of the Islanders make them no mean enemy, even when opposed to the civilized and powerful nations of the west. Already have they purchased a number of steam vessels to serve for warlike purposes. They have introduced into their army the European system of drill, while their great mechanical skill enables them to construct the most improved kinds of firearms of every description, from Colt's revolvers to the rifled cannon. From so large a population—over fifty millions—they would have no difficulty in keeping up an army equal to that of the most warlike European powers. Their conduct on the field of battle has yet of course to be tested; but that had better be done now than a few years hence, when they will have acquired a better knowledge of the military system of the western nations, and thus be in a better po

RICHFIELD RESTAURANT!

WILLIAMS CREEK,

Cariboo, B. C.

ISAAC DIXSON, WELL KNOWN AS an old resident of Fort Yale and other parts of British Columbia, begs to inform his old friends and the public generally, that he has taken a large and commodious house in Richfield, William's Creek, and intends carrying on the Restaurant and Hotel business, in a style and manner not to be equalled or surpassed by any other house in the colony.

The table of the Richfield Restaurant will be supplied at all times with the best that the market affords, and having engaged a Chef de Cuisine, (second to none in his business in the Colony,) he is enabled to get up dinners, suppers &c., in a superior and artistic style.

Merchants, miners and travellers, will find it the only house in Cariboo where cleanliness and quiet, combined with politeness, and attention to their personal comforts can really be secured.

By a strict attention to business he trusts that his friends and the public will give him a fair share of their patronage.

NEWS ROOM

The undersigned having purchased from Mr. Heisterman the Goodwill of the above named institution, asks from the Subscribers and the inhabitants of Victoria and its vicinity, their liberal patronage and support, and begs to assure them that his utmost endeavors will be used to make the room as attractive as possible.

He depends greatly upon the kind assistance of his friends and patrons to consummate that object.

By increasing and improving the Library the Ladies of Victoria will be enabled to participate in the advantages of the institution. And to attain that, immediate arrangements will be made for obtaining all the new literary works of the United Kingdom, Europe and America.

CHRISTOPHER LOAT,

Victoria, V. I., 1st June, 1863.

HEALTH FOR A SHILLING

Holloway's Pills.

Headaches, Bile, Loss of Appetite, and Lowness of Spirits.

These Pills require no interruption of business or pleasure; they act mildly on the bowels, strengthen the stomach, and promote a healthy action of the liver, whereby they purify the blood, cleanse the skin, brace the nerves, and invigorate the whole system. They effect a truly wonderful change in debilitated constitutions, as they create a healthy appetite correct indigestion, remove bile, giddiness, headaches, and palpitation of the heart.

Weakness and Debility.

of debility, languor, and nervousness generally, excess of any kind, whether mental or physical effect of these Pills is in the highest degree bracing, renovating and restorative. They drive from the system the morbid cause of disease; re-establish the digestion, regulate all the secretions, brace the nervous system, raise the patient's spirits, and bring back the frame to its pristine health and vigor They increase the appetite, while they secure perfect digestion to all ordinary food, and release the invalid from restraint in diet.

A Word to Females.

There are two periods, especially in Woman's life, which require for safe passage, judgment and attention. Irregularity is apt at those critical times to take place, and to lay the foundation of future disease. These Pills, safe in action, and effective in result, should be taken at certain periods, and the issue will be marvellous both to the young and the middle aged. They prevent nervousness, hysterics, dropsy, and a host of similar serious disorders, by expelling all impurities from the system, therefore none should ever be without them.

Coughs, Colds, and Asthmas.

No medicine will cure colds so quickly as these Pills, when of long duration or settled on the chest or even though it has assumed the first stage of asthma, they may be relied on as a certain and never failing cure, particularly if the Ointment be well rubbed into the chest and throat night and morning. In this catch the eye of any asthmatical person so bad as even not able to lie down in bed, let him well use these two preparations for only a week, and the result will be marvellous.

Blood to the Head—Diseases of the Heart.

More persons die suddenly from diseases of the heart than the unlearned suppose; in such complaints, the bowels should always be kept well open, as also where there is a tendency of blood to the head. These celebrated Pills purify the blood in an extraordinary manner, and should be taken in copious doses when such symptoms occur, taking care not to overload the stomach; by this means all danger is quickly averted.

Children's Complaints.

It is not generally known, but such is the fact, that children require medicine oftener than their parents. Three-fourths of the children die before they attain the age of eight years. Let mothers, then, be wise and give to their children small doses of these invaluable Pills once or twice every week, in such quantity as may act gently upon the system twice in the twenty-four hours. For infants, a Pill may be crushed and given as a powder in a little water The gross humors that are constantly floating about in the blood of children, the forerunners of so many complaints, will thus be expelled, and the lives of thousands saved and preserved to their parents.

Holloway's Pills are the best remedy known in the world for the following diseases:

Ague	Dropsy	Inflammation	Sore Throat
Asthma	Dysentery	Jaundice	Stone and Gravel
Bilious Complaints	Erysipelas	Liver Complaints	Secondary Symptoms
Blotches on the Skin	Female Irregularities	Lumbago	Tic Douloureux
Bowel Complaints	Fevers of all kinds	Piles	Tumours
Colics	Gout	Rheumatism	Ulcers
Constipation of Bowels	Head-ache	Retention of Urine	Venereal Affections
Incumption	Indigestion	Scrofula, or King's Evil	Weakness, from whatever cause
Debility	Worms of all kinds		

☞ There is a considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder are affixed to each Box. n14

THE BRITISH COLONIST

Saturday Morning, July 4, 1863.

☞ For interesting Miscellaneous Reading Matter, see first and fourth pages.

British Columbia.

The steamer Goy. Douglas arrived yesterday afternoon from Douglas *via* New Westminster, with nearly thirty passengers, among whom were several Caribooites, who had over $30,000 in their possession.

There was no later news from Cariboo, the last men down having left the same day as the express, which arrived by the last trip of the Otter.

The several new strikes previously reported, are confirmed.

Foster, Campbell & Co., had struck it rich, and their claim was looked upon as a very promising one. There was no doubt of their being on the lead.

The Bald Head Company and Welsh Company were paying well. The former was reckoned the best claim on the creek.

Water on the creek was fast abating.

Messrs. Jordan and Ned Watham, who came down, state that they met at least 100 men on their way up, but not a dozen returning.

Lowhee Creek was held in high reputation. Sage, Miller & Co.'s claim was yielding largely.

The Fraser River was higher than it had been known to be for years, and showed no signs of falling. The stream was running with great force.

THE BEEF EMBARGO.—In our issue of June 27th, in alluding to the embargo lately put on the exportation of beef &c. in Washington Territory, among other speculations we gave currency to the rumour in circulation, that Mr. Collector Smith of Port Angelos, had revived an order that was never intended to be enforced. We are happy to have it in our power to vindicate Mr. Smith from unjust aspersion, which we regard more than ever as part and parcel of the many malicious falsehoods that have been put in circulation about that gentleman from political motives. We have assurances that he never stood higher in the opinion of his government than he does to-day; and instead of being on the eve of his departure from Port Angelos and the collectorship, we learn that he will make that place his permanent residence, and in all probability fill a higher post as special agent on the Pacific Coast. His successor in the collectorship, Dr. Gunn, we believe, is a personal friend, and will only continue the work that Mr. Smith has begun. The facts about the "beef embargo" are these: Collector Smith received instructions from the U. S. Treasury, in which he was "directed to refuse clearance for exportation of horses, mules, and live stock, and to cause detention of all animals attempted to be exported in violation of the orders, etc." These instructions bear date—'May 19, 1863;"—(a not very old order)—and are intended to enforce an order from the U. S. War Department, dated "May 13, 1863." An order from President Lincoln accompanies the instructions of the Treasury department. The object of the War Department, it is said, is to prevent the withdrawal of military resources from every part of the country; but it is expected that the Port Angelos district will shortly be exempted from its operation. These facts prove conclusively Mr. Smith's triumph over the imputations that some have been so ready to circulate.

KLEPTOMANIA.—John Henry (a colored man) was brought up on remand, charged with having stolen a quantity of clothing from another colored man named Stephens. The prosecutor was sworn, and stated that he missed certain articles of clothing on Saturday last, and on Wednesday discovered the missing articles in a store on Johnson street. From description given of the party who had disposed of them, he caused the prisoner to be arrested. He could say nothing of the theft, but the prisoner was still wearing a pair of trowsers belonging to him. He charged the prisoner with stealing his clothes. Prisoner stated that he had engaged counsel. The magistrate therefore postponed the further hearing of the case until Monday next, and remanded the prisoner until then.

VICTORIA THEATRE.—Mr. Potter announces a grand Musical, Instrumental and Dramatic Entertainment to take place at the Theatre to-night. Mr. Potter is an indefatigable caterer for public amusements, and we hope his friends will muster strong this evening. True Americans, of course, do not require to be reminded of the occasion, but will come one and all to finish their rejoicings by enjoying the musical treat and a few hearty laughs. Particulars appear in the hand bills.

PETITION FOR REPRIEVE.—The Rev. Mr. Garrett presented yesterday the petition to the Governor for pardon of the four Lamaltsas; but his Excellency stated that whilst it pained him to have to sign their death warrant, yet after weighing all the facts brought out on trial and finding no mitigating circumstances set forth in the petition, he could not with justice to the crown, the people, and the Indians pardon them. The petition was signed by 150 citizens.

COPPER ORE.—A number of specimens brought from Capt. Nagle's property at Sooke, were exhibited at that gentleman's office yesterday. They were evidently only surface croppings, but contained promising indications of the presence of copper. We learn also, on good authority, that a quartz lead of native copper has been discovered by a gentleman, within ten miles of Victoria.

SELLING SPIRITS WITHOUT A LICENSE.—John Bayley, of the Colonial Hotel, appeared yesterday in the Police Court, in answer to a summons charging him with selling malt liquors without being duly licensed. Mr. Bayley informed the magistrate that he wished to employ counsel in his defence, and Mr. Pemberton accordingly postponed the case until Monday next.

ACCIDENT.—A man fell off the scaffolding at Messrs. Dickson, Campbell & Co.'s new store yesterday, and fractured his thigh and collar bone. He was removed to the hospital and was attended to by Drs. Dickson and Helmcken. His name we learn is James Coyle.

NISQUALLY JACK AGAIN.—John Gale was again brought up in the Police Court yesterday, charged with being a rogue and vagabond. He was defended by Mr. Dennes. The prisoner was remanded until Tuesday next.

NANAIMO COAL.—It is gratifying to observe in our table of the departure of vessels from Nanaimo coal mines, that the number was greater during June, than for any previous month since the establishment of the mines.

EXECUTION.—The four Lamaltsha Indians sentenced to be hung will suffer the extreme penalty of the law this morning, between the hours of six and eight, in the usual spot adjoining the Police Barracks.

REMANDED.—The colored man, Archy Fox, apprehended upon the charge of committing a violent assault upon a man named Cowen, appeared yesterday in the Police Court, and was remanded.

ANOTHER BANK.—It is stated that there is a probability of another Branch Bank being established at Williams Creek by Messrs. McDonald & Co.

FOR NEW WESTMINSTER.—The steamers Otter and Caledonia left for New Westminster yesterday morning with passengers and freight.

☞ The Brother Jonathan will be due on Sunday morning.

FOURTH OF JULY.—Our American friends have been engaged in making preparations for celebrating this day on both sides of the Sound. There will be grand rejoicings at Seattle, Port Angelos, and other places on Puget Sound, concluding with public balls. A party was in organization to leave Victoria for San Juan, where the anniversary of American independence was also to be observed by rejoicings, but we learn that it has fallen through, and a monster pic-nic has been decided upon instead.

FROM THE SOUND.—The sloop Northern Light, Montford, arrived yesterday from ports on the Sound, with two passengers and a mail.

FROM NANAIMO.—The schooner Alpha arrived yesterday at Esquimalt with a cargo of coal from Nanaimo.

FROM DUNGENESS.—The schooner Winged Racer arrived yesterday with several passengers.

Cariboo Mining Intelligence.

[FROM OUR SPECIAL CORRESPONDENT.]

RICHFIELD, June 15, 1863.

For the last few days the weather has been very disagreeable—snow, rain and hail have fallen alternately. To day, being Sunday, the miners from the different claims have flocked into town to make their purchases for the coming week. The price of provisions continues to rule high, owing in a great measure to the bad trails.

MINING NEWS.

The colored men have struck a very rich prospect on their claim above the town. They got $46 from one pan of dirt. This has produced much excitement and shares which could have been bought a few days ago for less than $100 are now commanding $2,000. This is a very gratifying feature in the mining of the creek, as men had almost despaired of ever getting much *above* the town, and the more so as the claims *below* the town had proved so rich that many supposed that all the gold had been deposited in the rich flat below the canon.

Capt. Torrens' claim lies immediately below their claims with every prospect if there should be a lead, of proving very good.

The Marysville Company, one mile below Cameron's, have struck a good prospect.

The Prince of Wales' Company, below Cameron's, is well situated.

There is a scarcity of money in the hands of the miners generally, owing to the heavy outlay in getting the claims workable. Business, consequently, is not so brisk as it otherwise would be.

The Bald Head Company continue to take out over 100 ounces per day.

The Welsh Company are on the same lead. They get on an average from $75 to 80 ounces per day.

Many other companies, whose names I have recently mentioned, are working prosperously.

Shares in those companies, on the lead and paying range, are held at from $10,000 to $20,000. Shares in those which have not yet struck "pay," but are almost sure of getting it, run from $6,000 to $12,000. The lead is so eccentric in its course, that although an adjoining company are known to be on the lead, their neighbors, perhaps only ten feet from them, experience a difficulty in finding pay at the bottom of their first shaft without drifting.

The Barker Company, Cameron's, and the Black Jack Tunnel Company, have three of the finest over-shot wheels that I have seen.

The average depths of the shafts on the creek is about 50 feet.

LOWHEE CREEK.

Washburne & Co. got 80 ounces out yesterday. The gold of this creek is of the finest quality.

Sage, Miller & Co. got out 125 ounces a few days ago.

OTHER CREEKS.

There is no news of much importance as there has not been sufficient time to get down to the bed-rock, on account of the lateness of the season.

Some fine prospects have been struck on Anderson Creek. This creek is a tributary of Lightning.

By the way, I suppose you heard of a company of twenty-eight gentlemen, real gentlemen, the *elite* of the two colonies, military, naval, official, and "those having no ostensible business"—vide Dr. Johnson's definition of the word gentlemen—had this spring formed a copartnership in Victoria for the purpose of unearthing the untold wealth known by one of them to exist in Sovereign Creek. Of course this was kept a great secret; but a still greater secret has puzzled the company, for with all the aid of the discoverer they have been unable to find the creek itself. In the language of one of them, 'Sovereign Creek has "fizzled"—*Anglice* can't be found—what will the members in Victoria say to this?" I shall not give the names lest the "fizzle" should prove a bore to them; besides it is best to encourage enterprise, lest

"The native hue of resolution
Be sicklied o'er with the pale cast of thought,
And *enterprises of great faith and moment*
With this regard their currents turn away,
And lose the very name of action."

So end "enterprises of great pith and moment," not "sicklied o'er by the pale cast of thought," but killed by the creek "fizzling." A new dictionary, or a very respectable number of new works at least, might be added with advantage to the tyro in mining, to Webster, Walker, and Johnson. The former might adopt them, but I fear that the shades of Johnson and Walker would rebel strongly against any such innovation on a language composed already of so many strange words and sounds.

A WORD ABOUT THE MINING LAWS.

One of the greatest evils that at present exists, is contained in the prohibition of miners holding more than two claims by purchase. It in effect forbids the employment of capital, for no miner who has been fortunate, can under the present system employ the money at his command. If he does so he runs the risk of losing all his hard-earned gains. The provision is positively a stupid one, as the money now lying idle on the creek might be most profitably employed in the interests of the colony—in developing its mineral wealth. Every encouragement should be given to capitalists in an undertaking of such immense importance. But this is not the worst feature of this mischievous provision. From day to day the most painful instances of glaring perjury occur before the gold commissioners. The extent of this crime is really alarming. One set of men swear to one fact and as many swear to directly the opposite. This arises generally when a claim held by one of these capitalists is jumped. He likely holds more than the law allows him, but evades the proclamation by recording the extra claims in the names of *friends*, who represent them. When the suit, which inevitably follows, is brought before the court, the *friend* swears that he is the real owner, and the frequency of this mode of settling with his conscience, is the only salve which he applies to wounded Truth.

Something should be done at once to alter this state of things. Let His Excellency promulgate a law allowing the capitalist to hold more than two claims by purchase at the same time, obliging him to represent each claim and work it faithfully and not colourably. This would put an end to the mischief and prove of immense advantage to the country

Canadian Items.

Our files of Canadian papers by the Fusi Yama are up to May 15th, one week later than our last, but mainly anticipated by our Toronto correspondents letter; from them we select the following items:

The Warden county of Norfolk has received a reply from the Prince of Wales, to the address of congratulation from that county on his marriage.

The trial of Greenwood for the murder of Anne Marshal at Toronto, has been postponed till the Assizes.

The annual examination of law students attending the lectures delivered during vacation at the Law School of the Law Society of Upper Canada, was, in pursuance of an order in Convocation made in hilary term last, held at Osgoode Hall, on the 7th inst. After a severe and searching test, the following gentlemen were found to have attained the standard fixed by the Benchers of the Law Society to entitle them to prizes and terms: —1. Richard S. M. Walkem, (brother of Mr. Walkem practicing at Cariboo, ED. COL.)

320 marks; 2. James Watt, 302 marks; 3. Geo. Kennedy, 273 marks; 4. Geo. Holmstead, 263 marks; 5. John J. Stevens, 262 marks. The highest number of marks that could possibly have been obtained was 360—the standard being fixed at 240. Those who did not reach the standard are being classified. The gentlemen above named, besides receiving prizes, will be allowed two out of the four terms required to be kept by the students before the call to the bar.

Coroner Christie accompanied by Dr. Reid held an inquest at Bowmanville on the body of Mrs. Mary Wilson, who committed suicide by poisoning herself while laboring under derangement of mind. Verdict accordingly.

The New Dundas Light Company have completed their arrangements, for supplying that place with gas from Petroleum. It is thought they will be able to sell it for $2.50 per 1000.

England.

The House of Lords was engaged last night in discussing once more the affairs of Poland. The debate was opened by Lord Shaftesbury in an excellent and spirited speech, continued by Lord Harrowby, and closed by Lord Russell. The first named speaker went to the extent of advocating altogether the severance of Poland from Russia, and maintained with great force of reasoning, that as long as the first named country was subjected to the tyranny of the Czar's policy, there was no hope for Poland—no peace for Europe. He described the whole policy of Russia towards Poland as a series of outrages, insults, and conscriptions—its language proscribed, and every means used to trample out its national life, in order to extinguish the love of liberty by which Poland has always been animated. The recent replies of Russia, Lord Shaftesbury showed were a mass of evasions, and the evident object of the Czar was to make Poland a heap of ruins. Not the least remarkable feature of this remarkable speech, was Lord Shaftesbury's declaration, that the Prussians were not deserving the name of a free people, and he denounced the conduct of the Prussian Government in terms as hearty and strong as those in which he assailed the conduct of Russia. This speech cannot fail to produce a strong sensation throughout Europe, and more especially in France and Germany. Conservative as he is, Lord Shaftesbury is a sturdy hater of oppression, whatever form it may assume, and the delivery of such an address to the Peers of England will not be without its effect in this terrible struggle now going on between liberty and despotism. Lord Russell's speech, as became his position, was guarded, but hardly less severe in its criticism on the atrocities to which the Poles have been subjected. Of course he could hold out no hope that we would interfere by force of arms—the only force which Russia can appreciate. But he anticipated much good from the combined action and remonstrance of England, France, and Austria. This is Lord Russell's view, but there is nothing on the cards to give it the semblance of success. His lordship has great faith in the opinion of Europe; but the faith of Russia is of a more material and sanguinary character. If Louis Napoleon appreciated his destiny, he would go into this crusade heart and hand. Poland has claims on France that are greater than on any nation, and Europe, in its present temper, would hail with delight a French army on the Rhine, and a French navy in the Baltic. Wavering at present between action and repose, there is no telling in his exciting frame of mind the effect of such speeches on a susceptible man like the Emperor of Russia. But without some exterior aid we cannot see how the Poles can long continue the unequal conflict in which they are engaged. The fine weather will enable the Czar to bring his batteries to bear on the devoted people, whose bravery and self reliance so far are worthy of a better fate.

The House of Commons last night was engaged in a discussion relative to Southern Italy, which was proceeding at a late hour. The most important speech on this head was that of Lord H. Lennox, who has just returned from a tour through the new dominions of Victor Emmanuel, and he showed that all the worst features of the old Bourbon tyranny and despotism were continued and even aggravated under the present regime. Some of the statements which he made on this head were appalling. At an earlier stage of the evening Mr. Gladstone consented to give up his proposition for taxing the Clubs of the Metropolis.—*European Times.*

HOLLOWAYS OINTMENT AND PILLS.—The treatment pursued by Professor Holloway for the cure of wounds and ulcers is the most simple and certain in its effects, it has been tried by hundreds of thousands and never been known to fail; by the administration of an internal remedy (the Pills,) he drives disease out, and by the administration of an external remedy (the Ointment), he heals wounds, ulcers, and the worst of external disorders. By this celebrated treatment, also, bad legs and ulcers are cured even when they have been upwards of twenty years standing

ALBION IRON WORKS

Chatham and Discovery Streets.

Near Dickson, Campbell & Co., New Warehouse Store street.

VICTORIA, V. I.

JOSEPH SPRATT, PROPRIETOR.

In order to meet the wants of Vancouver Island, British Columbia, and Puget Sound, the Proprietor of the **ALBION IRON WORKS** has been induced to expend a large sum of money in erecting a

MACHINE SHOP
—AND—
Foundry,

On such improved principles as to enable him to do work with unusual despatch, in the best manner, and at most reasonable rates

There is no similar establishment on the Pacific Coast, that is larger, or better prepared to execute every kind of Machinery, Engines, Blacksmithing, and Iron and Brass Castings. No one need go to San Francisco to fill orders, as the work can be executed at the **ALBION IRON WORKS** as well, at as low rates, and with as much despatch.

In the Machine Shop there are Bolt-cutting, Planing, and heavy turning Machines.

In the **BLACKSMITH SHOP** there is a powerful steam blast which enables the Proprietor to do Heavy Blacksmithing.

The attention of persons, and particularly miners, about purchasing Steam Engines, is directed to the Improved Portable Engines, constructed at the Albion Iron Works These Engines can be successfully worked for Threshing, Hoisting, Pumping, Pile-driving, or for any other use where small power is required. They are simple in construction, have an Economical Boiler, and are considered the best portable engines in use. They would be invaluable auxilaries to the Miners for Hoisting and Pumping.

All orders for high and low pressure Steam Engines, Grist and Quartz Mills, Pumping Machinery, Blacksmithing, Brass and Iron Castings and everything done at a Machine Shop and Foundry, can be filled at the Albion Iron Works.

Particular attention paid to Steamboat Work and general repairs.

Terms: Cash and Low Prices.

JOSEPH SPRATT.

Dr. Baker's Pain Panacea

IS composed entirely of healing gums, and vegetable oils and herbs. It is perfectly safe in the most delicate to use. I can most sincerely say that I have never known any, however delicate to be injured by it in the least. I will continue to ask the afflicted, who have not used it, to try it for the following diseases. If they are not satisfied with its healing properties, the money will be cheerfully refunded by the Agent where the medicine is for sale.

If you have Pain in the Stomach or Bowels, try a dose of Pain Panacea internally, bathe externally over the parts affected, and you will at once restore the proper action and relieve the pain.

If you have a Bruise or Wound, bathe it well with the Pain Panacea four times a day. It will relieve the pain, and take out all the poison, and heal the wound in a short time.

If you are suffering from Neuralgia or Rheumatic Pains, apply the Panacea freely, and take a dose of it internally, morning, noon and night; it will not only cure the pain, but will remove the cause of the disease.

If you have the Dispepsia, and your food distresses your stomach after eating, take a dose o Pain Panacea after each meal.

If you have a Cankered or Sore Mouth or Throat, apply the Pain Panacea to the affected parts, and gargle the mouth or throat three or four times a day.

If you have the Diarrhœ, or a relaxed state of the b

English Items---From late Papers.

It is reported that Sir J. Trelawny is thoroughly disheartened by the result of the last division on the Church Rates Abolition Bill, and that he has declined the further conduct of the measure.

A murder, attended with more than usual atrocity, was perpetrated in Liverpool yesterday afternoon, May 8th, about half past two o'clock, at 6 Dickson's building Brook-street, Oldhall street. The deceased woman, whose name is Mary Rowlands, was the wife of Capt. Rowlands of the ship Helena, of that port, and was 45 years of age. The perpetrator of the crime is a sailor named Benjamin Thomas, a native of Wales.

It is stated that Lieut. Col. Calthorpe intends to plead justification for his charges against the Earl of Cardigan in regard to the Balaclava charge. There will, however, be some delay in the hearing of the matter, on account of the absence in India of several officers, upon whose testimony Col. Calthorpe relies.

The Grand Lodge of Freemasons of Ireland, having forwarded to the Prince of Wales an address congratulating him on his marriage, the Prince replies that he "is well assured of those sentiments of loyalty to their sovereign which have always animated their ancient fraternity, and gratefully acknowledges the feelings of attachment which they profess towards himself."

In the course of a lecture "On Music in its relation to Religion," delivered lately at Portadown, by the Rev. Mr M'Kay, the lecturer denounced the practice of secular music in private or public, eulogised the genius of Handel, but deprecated his adaptation of that genius to compositions the performance of which drew the admirers from thence to the concert, opera, and hell! Oh, Beethoven! oh, Mozart! oh, Bellini!

A frightful case of suicide is reported. A well-dressed man, who has not been identified, placed himself on the rails of the North London Railway, near the Old-Ford Bridge, and a train passed over him. His head was completely severed from his body.

British shipowners have received a welcome concession from the French Government. At present, English ships which take refuge in French ports are compelled to pay a duty of one franc per ton; but for the future they will be exempt from this charge if they do not engage in any trade during their temporary sojourn.

During the week which ended on the 25th ult., there was a decrease of 5373 in the number of persons receiving relief in the cotton-manufacturing districts. The balance of the relief fund at the bankers' on Saturday was £392,868.

Up to April 30, 16,137 volunteers had been enrolled in the royal naval reserve.

The election of a member to fill the vacancy caused in the representation of Antrim county by the elevation of General Upton to the peerage took place on Wednesday. Mr. E. Oneill, who is, like his predecessor, a Conservative, was elected without opposition.

The mail bags of the Peterhoff have been handed over, unopened, to the British Consul at New York.

Lord Lyons has been instructed by Earl Russell to apply to the Federal Government for the release of the British steamer Dolphin, seized by a Federal cruiser while on a voyage from Liverpool to Nassau. A portion of the crew of the Dolphin were not landed on American or British territory, but on a foreign island, without any provision whatever; and Lord Lyons is also instructed to call the special attention of the Federal Government to this treatment.

FOR SALE—TO LET.

FOR SALE.

THE WHOLE, OR ANY PORTION OF the "REGENT PARK," corner of St. Charles and Fort Street, containing about twenty acres, already improved with trees and ornamental fence. It is, undoubtedly, the most beautifully situated piece of ground for Private Residences to be found in the neighborhood of Victoria—commanding the best scenery of the Island.

Terms—10 years credit, with 6 per cent. interest per annum.

Also—A few small lots on the corner of Pemberton and Fort Streets, on reasonable terms.

Apply to the owner,
CHARLES VEREDHEN,
On the land, or cor. of Fort and Douglas sts.
jy28 1m2-3 p.

TO PUBLICANS AND OTHERS.

TO BE LET ON LONG LEASE THE corner lot on View and Douglas streets, measuring 60 feet on View and from 50 to 60 on Douglas streets; also, one or more Building Lots on Douglas street.

☞ Apply to
W. QUARLES,
jy1 tf St. Nicholas Hotel.

FOR SALE.

ONE LOT, CORNER OF COLLINSON and Vancouver streets.

Lot adjoining the above, fronting on Vancouver street.

Five Acre Lot on the Esquimalt Road, adjoining the property of Mr. Booth.

ROUTES TO CARIBOO.

HURRAH For Cariboo!!

DOUGLAS

AND

LILLOOET ROUTE

IS BY FAR THE

Shortest and Best

BOTH FOR

MEN AND ANIMALS

TO THE

CARIBOO MINES,

As will be seen at once by the following TABLE of DISTANCES, which have been CHAINED by Government, NOT GUESSED AT, as on the Lytton Mule Trail.

FROM DOUGLAS TO HANCOCK'S	4 Miles.
Thence to Perry's	6 "
" Hensley's	1 "
" Chapais'	3 "
" Gowan's	2 "
" Stein's (Hot Springs)	4 "
" Joice's	4 "
" Williams'	4 "
" Pemberton, over the Lillooet Lakes now connected by Steamers—Fare, $1	20 "
" Half-Way House	12 "
" Anderson Lake	12 "
From Anderson and Seaton Lakes to Port Seaton—Fare, $1 on each Lake	34 "
Thence to Lilloet Flat	3¼"
Whole Distance from Douglas to Lillooet by Land over a Good Wagon Road	55¼ "

☞ Remember that Lillooet is 45 Miles above Lytton.☜

On the Lillooet Lake

Goulding's New and Splendid Steamer

"Prince of Wales"

100 TONS BURTHEN,

Will Make Two Trips per Day,

And is capable of taking on board

The Heaviest Wagons

OR

AN ENTIRE MULE TRAIN!

On Seaton Lake

Taylor & Co. are just Completing a

A SIDE-WHEEL STEAMER, THE

Prince Alfred

110 FEET IN LENGTH,

Capable of Transporting 200 tons of Freight per Day.

ABOVE LILLOOET, the Distances are as follows

From Lillooet to Fountain	8 Miles.
" Fountain to Pavillion	13 "
" Pavillion to Cut Off Valley	14 "
" Cut Off to Clinton	12 "
Total	47 Miles.

Making the Distance from Lillooet to the Junction of the

LILLOOET-ALEXANDRIA WAGON ROAD

WITH THE

LYTTON CITY MULE TRAIL

Only 47 Miles,

While the same point is 92 miles from Lytton, and only 20 miles of the Lytton-Alexandria Wagon Road are Finished in any one place!

From Clinton to Alexandria

Wright's Wagon Road

Will be Completed by the 1st of June,

WHEN A

Regular Line of Stages

WILL RUN

FROM DOUGLAS TO ALEXANDRIA

Connecting there with the New Steamer "ENTERPRISE," which will make

DAILY TRIPS

From thence to Quesnelle River,

Landing Freight and Passengers within

50 Miles of Lightning and Van Winkle Creeks!

☞ We call upon travellers who have Wagons or Animals, especially to

Avoid the Lytton Route!

As the Wagon Road is Unfinished, and will not be passable before the 1st of August.

☞ Do not be deceived by the representations of interested parties who will give you all sorts of false information regarding the Lytton Route, and the various distances, which have never yet been measured.

As a Proof of the Existence of

Good Hotels on the Wagon Road!

Above Lillooet, we give the following list of Houses and their distances from Lillooet:

	MILES.
Lorenzo's	8
Frenchman's	18
Reynolds'	20
Maitley's	22
McBeath's	28
Harkell's	29
Reynolds'	36
Watson's	47
Saul & Co's	60
Calbraith's	70
McMurphy's	74
Walters & Co's	87
Bridge Creek	100
Durgan's	106
Cochrane's	112
Anderson's	116
Felker's	128
Mrs. Jones	146
Davidson's	151
Deep Creek	161
Dunleavy's	184
Alexandria	200

One Hundred Wagons

WILL BE EMPLOYED IN

Transporting Goods on this Route.

By the new arrangements made this year on the Douglas Route,

Passengers Leaving Douglas by Stage

WILL

Reach Lillooet the next Morning.

FROM LILLOOET TO ALEXANDRIA

Will only occupy Four Days,

THENCE ON TO MOUTH OF QUESNELLE THROUGH TO VAN WINKLE.

Then by all means take the Douglas and Lillooet Route as the Cheapest, Quickest, Safest, most Commodious, and above all, the most High-Toned and

ELEGANT ROUTE TO CARIBOO.

m9

ROUTES TO CARIBOO.

Every Person Should Know

THAT THE

Shortest, Best and Cheapest

ROUTE!

TO THE

CARIBOO MINES

IS VIA THE

YALE AND LYTTON

WAGON ROAD!

The chained distances on the Yale and Lytton Road are as follows:

From Yale to Boston Bar	25	Miles
" Boston Bar to Lytton	32½	"
" Lytton to McLean's	47½	"
" McLean's to the Junction of the Wagon Roads	19	"

Distance from Yale to Junction. 124 Miles

COMPARE THE ABOVE

With the following distances set down by Lillooet Shippers:

From Douglas to Lillooet	110	Miles
" Lillooet to Junction	47	"

Distance from Douglas to Junction..157 Miles

The Junction

Is the point at which the Wagon Roads intersect each other, and where the Cariboo-bound traveller by the Yale-Lytton and Douglas-Lillooet routes MUST meet. It will, therefore, be seen by the above figures that the traveller by YALE and LYTTON has

THIRTY-THREE MILES LESS TRAVEL

Than if he went by the Douglas-Lillooet Route.

☞ **Remember that on this Route there are NO PORTAGES where Goods or Animals may be detained.**

Messrs. DUHIG, LANE, BLACK, and other Carriers of Merchandise, advertise to

Carry Freight from Yale to Lytton

$20 Per Ton Less

Than is or will be charged on the Douglas-Lillooet Route.

THE NEW AND SPLENDID STEAMER

"Reliance"

Connects with the Victoria Steamer

"Enterprise"

And conveys her Freight and Passengers to Yale at greatly reduced Rates.

Shippers

Desirous of getting Freight through to Cariboo this season are advised to

Shun the Douglas-Lillooet Route!!

☞ And are also referred to the testimony adduced in the CRANFORD CASE, wherein witnesses have stated upon oath that 15, 20, or even 30 Days is a reasonable time to convey Freight from Douglas to Lillooet.

Five Days only are Required

To carry Goods from Yale to Lytton, and

Shippers are Assured

That if Freight is carried from Douglas to Lillooet for Two Cents per lb.,

CARRIERS ARE PREPARED TO

FREIGHT FROM YALE TO LYTTON

With Safety and Despatch, for

One Cent Per Lb.!

All those who allow themselves to be crammed by Douglasites this year need expect no sympathy from the public if they get broke in trying to get goods through that route.

☞ Remember the Cranford affair, and steer clear of extortion and delays.

Travel the Yale and Lytton Wagon Road to the Cariboo Mines.

☞ New and Commodious Hotels have been erected at convenient distances along the entire length of the Route, where First Class Accommodations for both man and beast are bestowed at moderate rates.

☞ FOR CHEAPNESS, DESPATCH, EASE and SECURITY choose the Yale and Lytton Route in preference to all others in British Columbia.

PICKLES, SAUCES, JAMS &c., &c.;

(Free from Adulteration.)

Manufactured by

CROSSE & BLACKWELL,

PURVEYORS TO THE QUEEN,

SOHO SQUARE, LONDON

CROSSE & BLACKWELL'S VARIOUS first class Manufactures are obtainable from every dealer in the Colony. Purchasers should insist on having C. & B.'s goods when they ask for them, as it is not at all unusual for inferior preparations to be substituted. Their Pickles are all prepared in Pure Malt Vinegar, and are precisely similar in quality to those supplied by them for use at

Her Majesty's Table.

C. & B. invite attention to the following—Pickles, Tart Fruits, Sauces of all kinds, Jams, Potted Meats, Durham Mustard, Orange Marmalade, Essence of Coffee, Calf's Foot, and other Table Jellies, Pure Mushroom Catsup, and numerous other articles, all of which are of the highest quality, and are prepared with the most complete attention to Purity and Wholesomeness. Their Salad Oil is the finest imported.

C. & B are Agents for LEA & PERRINS' CELEBRATED WORCESTERSHIRE SAUCE, Carstairs' Sir Robert Peel's Sauce, M. Soyer's Sauces, Relish and Aromatic Mustard, Payne's Royal Osborne Sauce, and Captain Whites' Oriental Pickle, Curry Powder and Paste, and Mulligatawny Paste. fe25 wy ly

GOOD NEWS FOR EVERY ONE

KNOWLEDGE IS POWER. IF YOU DEsire to preserve your health, a knowledge of the laws for its preservation is essential. If you are ill, and have sought in vain for renewed health, what is the reason? Simply this, a want of information on the subject. The civilisation of the present day renders some aid to nature in the preservation and restoration of health indispensably necessary; and the only question is, whence is the required help to be obtained? Undoubtedly, by using

Kaye's Worsdell's Vegetable Restorative Pills.

For the last thirty years the truth has been gaining ground that to purify the blood is the simplest and most natural way of restoring and maintaining health; and the great and distinguishing feature of these celebrated pills is, that they speedily eradicate all disease from the body, by purifying the blood; thus good health is at once secured, and all may ensure a sound constitution and complete freedom from pain and disease.

The pamphlet enclosed with each box of the pills gives most interesting particulars of many hundreds of cases of cure, together with instructions for the use of the medicine.

TRY ONE BOX OF

KAYE'S WORSDELL'S PILLS,

AND JUDGE BY THE RESULT.

James' Bay Brewery

PRIME ALE, ENGLISH MEASURE

ALFRED J. WELCH

WHO IS HIMSELF A PARCTICAL BREWER of great experience, employs only first class hands, and purchases all his materials for cash only. Has erected his Brewery upon the most scientific principles for the economisation of labor, and has always in his cellar several thousands of gallons of Ale maturing in large stone vats, so that no Ale is sent out until in prime condition. He is content with a fair remunerative profit, giving his customers the benefit of all these advantages in the quality of his Ale. The public are invited to call at the Brewery, in the rear of Government Buildings, see, taste, and judge for themselves. Families supplied with small kegs, full English measure.

Please send orders to the Brewery, or to the office, Messrs. Barnett & Parker, Government street, opposite St. James' Hotel.

MEDICAL.

THE WORLD'S FRIEND!

Holloway's Ointment.

A Cure for Piles and Fistulas.

Inflammation of sensitive parts, piles, fistulas, and such like painful diseases may be presently relieved and ultimately cured, by the proper and diligent use of this cooling and healing Ointment, whose action should, in such cases, be assisted by judicious doses of Pills: ere many days have elapsed the anxious patient will experience a wonderful degree of ease from this treatment. They are equally suitable to both sexes, and all ages.

Coughs, Colds, and Asthma.

These complaints of the chest come on with alarming frequency. The Ointment should assiduously be rubbed at least twice a day on the chest and between the shoulders, when the violence of all symptoms will gradually give way, the breathing become longer, and the oppression less. No medicines are more efficient in chest complaints, none can be used with equal safety and certainty. Both Pills and Ointment are accompanied by very clear and simple directions for using them.

A Man who refused to have his Leg off.

"From the Kilrush Advertiser, June 2nd, 1860.

BENJAMIN COX, Esquire, Magistrate, said in the Board Room at Kilrush, that he knew a man who had been in the Infirmary and was actually turned out as incurable, on his way home to Kilrush, he purchased at Ennis, Holloway's Pills and Ointment, for, as he said, it could not be worse with him. This man, said Mr. Cox, became by their use as sound and as healthy as any man in the room. These celebrated Pills and Ointment will cure any wound, sore, or ulcer, however long standing, if properly used according to the printed directions.

Gout and Rheumatism.

The essence of these diseases lie in the blood, which has, floating through each vessel, the pain-giving poison, which irritates and inflames every tissue it comes in contact with, and produces the hot, swollen, elastic enlargement about the joints so characteristic of gouty diseases. The philosophy of cure consists in overcoming this depravity in the blood, which is rapidly purified by the use of the Pills. The Ointment, when rubbed upon the skin, penetrates system through the pores, acts in unison with Pills, and soon effects a cure.

Dropsy, Swollen Legs or Ankles.

The various kinds of dropsies, whether windy or watery, arise from some obstruction to the free circulation though the blood vessels or lymphatics, or depend on the inflamed state of some secreting surface Holloway's remedies, of which the efficacy cannot be exaggerated, act directly upon the blood, the absorbents and secretions, with a power that no dropsy, however inveterate, can long resist. They regulate the proper flow of blood to every organ, and purity it likewise,—they filter out everything that is morbid or injurious,—they thoroughly regenerate every function, yet potent as they are for good, they are powerless for evil. They do not contain mercury or any noxious substances. They act safely and certainly.

Bad Legs, Bad Breasts, and Old Ulcers.

This invaluable Ointment was never known to fail in the cure of any wound, any sore, or any ulcer,—as can be proved by innumerable testimonials from persons who had been discharged from Hospitals as incurable, and yet by perseverance they have been made as sound as they were the day they were born, by this incomparable Ointment. For pimples, blotches, scald heads, and scorbutic humours, it is equally efficacious.

Both the Ointment and Pills should be used in the following cases:

Bad Legs	Chiego-foot	Fistulas	Sore-throats
Bad Breasts	Chilblains	Gout	Skin-diseases
Burns	Chapped Hands	Glandular	Scurvy
Bunions	Corns (Soft)	Swellings	Sore-heads
Bite of Mosquitoes and Sand-Flies	Cancers	Lumbago	Tumours
Coco-bay	Contracted and Stiff Joints	Piles	Ulcers
Scalds	Elephantiasis	Rheumatism	Wounds
			Yaws
			Sore Nipple

☞ There is a considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder are affixed to each Pot. n13

DR. J. COLLIS BROWNES

Chlorodyne.

CHOLERA, DYSENTERY, DIARRHŒA, CRAMP, AGUE, FEVER, RHEUMATISM, CONSUMPTION, ASTHMA, COUGH, &c.

ALL PAIN, VOMITING AND DISTRESS ceases in a few minutes after taking a dose of that wonderful SEDATIVE ANODYNE and ANTISPASMODIC remedy discovered by Dr J Collis Browne M.R.C.S.L., (ex-Army Med. Staff,) the recipe of which was confided solely to J. T. Davenport, 33 Great Russell street, Bloomsbury-square, London (Pharmaceutical Chemist). The medical testimony of civil, hospital, military and naval practitioners pronounces it INVALUABLE It relieves pain of any kind, soothes the restlessness of fever, and imparts the most refreshing sleep, without producing or leaving any of the unpleasant effects of opium.

As a proof of its efficacy, a few extracts from numerous Testimonials by Physicians and Surgeons are given:

From W. Vesalius Pettigrew, M D., Hon. F.R.C.S., England, formerly Lecturer upon Anatomy and Physiology at St. George's School of Medicine: "I have used it in Consumption, Asthma, Diarrhœa and other diseases, and am most perfectly satisfied with the results"

Dr. Gibbon, Army Medical Staff, Calcutta: "Two doses completely cured me of Diarrhœa."

From C. V Ridout, Esq., Surgeon, Egham: "As an astringent in severe Diarrhœa and an antispasmodic in Colic and Cramps in the Abdomen, the relief is instantaneous."

Extracts from the General Board of Health, London, as to its efficacy in Cholera.

1st Stage of Premonitory—In this stage the remedy acts as a charm, one dose generally sufficient.

2nd Stage, or that of Vomiting and Purging—In this stage the remedy possesses great power, more than any other we are acquainted with, two or three doses being sufficient.

3rd Stage, or Collapse—In all cases restoring the pulse. So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of using it in all cases.

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay: "Chlorodyne is a most valuable remedy in Neuralgia, Asthma and Dysentery." To it I fairly owe my restoration to health after eighteen months' severe suffering, and when all other medicines had failed."

CAUTION—In consequence of the extraordinary efficacy of this remedy, several unprincipled parties have been induced to vend imitations. Never be tempted to buy Chlorodyne, except in sealed bottles, having the Government stamp, with the words "Dr. J. Collis Browne's Chlorodyne" engraved thereon, A sheet full of medical testimonials accompanies each bottle. Sole manufacturer, J. T. DAVENPORT 33 Great Russell street, Bloomsbury, London. Sold in bottles, 2s 9d and 4s 6d. ju24wly
